INTRODUCTION

The night of long lasting darkness is about to declare its end marking the dawn, the light of which is looming on the horizon. There is inevitably a dawn after each night how long it s darkness lasts. For every beginning, there must be an end. The bells are announcing the beginning of a new era in the long bitter struggle between good and evil, between darkness and light and between confusion and guidance. This struggle has been going one since the beginning of creation and will continue until Allah inherits the earth and everything on it.

History and rational logic say:" Every power in the universe that intensifies and grows must have frailness, senility and disappearance, except the power of the sole single great creator without who there is no might or power and whose order consists of "B" and "E"(Be!)If he wills something, he says, "Be!" and it exists. History and rational logic highlight bare facts without falsification or deception. All civilizations of humankind, throughout human history began young, flourished, and became strong, expanded with its strength in conquering nations and imposing its control by brutality and oppression. Then the wheel of decay and factors of frailness undermine its strength and sucks its youth until it wanes and nothing from its glories will remain except some ruins in which owls whoop everywhere.

We may measure it by our human scales of time, history and strength. However, the might of death and extinction inherent in every creature by the hand of Allah, remains decisive. It remains the sword, which its cutting edge reaches all necks of life with all its contents and surroundings. The law of death and extinction, which Allah imposed on the fates of creation and creatures, is the real scale for the factors of historical decisiveness for any civilization however great its might may have been.

We have seen how all previous civilizations had prevailed and then become extinct, as it never has existed and as though it did not become extinct yesterday. Allah said, " **Blessed is He in Whose Hand is the dominion, and He is Able to do all things. Who has created death and life, that He may test you which of you is best in deed? And He is the All-Mighty, the Oft-Forgiving**". (Al-Mulk 1&2)

Our struggle as Arabs and Muslims against the Jews will continue until Allah wills his order of the decisive victory for his true believing subjects over those who Allah had cursed them and ordained that they remain in humiliation and poverty and deserved his discontent. The materialistic power however great will not triumph over the right and its owners, nor will it save the necks of tyrants from the swords of justice. And then, " **And those who do wrong will come to know by what overturning they will be overturned.**"(Ash-Shu'ra' 227)

In this book, I am attempting to put the full picture clearly before every honest human on Allah's earth and under His sky, defending the right against the wrong, knowing that he lives on the right and on it, the end must be. Allah said, " **For had it not been that Allah checks one set of people by means of another, monasteries, churches, synagogues, and mosques, wherein the Name of Allah is mentioned much would surely have been pulled down.**"(Al-Hajj 40)

The Author

BOOK OF THE END

The breezes of the spring night, which were sweeping my face when I had got down from my car, carried with them the gasps of the strangled tension by emotions and loaded with smell of blood mixed with smell of gunpowder. The seven- tons bombs, which Hindu Cutch Mountains and the still waters the Caspian Sea that lie on huge oil reservoirs and inherent wealth had echoed them.

Despite the depth and huge size of 11 September shock, the events which were occurring in an understood or unprecedented way on the borders of china, India and central Asia without a single proof even a half convincing one about this issue which I can confirm will change the face of history even if it looked otherwise . As events had accustomed us, time and future days will reveal facts, which clouds of dust and smoke had overshadowed.

The cold clean breezes had failed to lighten the temperature of the tense and interactive spiritual atmosphere with the successive events, until I had joined a group of friends who we usually spend evenings together exchanging talks in a hotel overlooking the waters of the Gulf. They were sitting in a circle drinking coffee or tea with mint. However, under

the burden of the events discussions branched and opinions some times were agreed and sometimes different.

The main urgent question was "*What is the meaning of what was happening and what is next?*" The future under those conditions was ambiguous largely. Not only the future of events was ambiguous but also the future of the entire world was ambiguous.

One of the group of friends wandered, "*There is no concrete evidence that Islamic extremism is behind 11 September events in New York and Washington, so who might be behind these events. Another friend said, " I am afraid the evidence or evidences about the innocence of Islamic extremism will come after a long time, so who would bear the responsibility of men, women and children who the American bombs had crushed them in the villages which exterminated from the face of earth?"*

Another friend had answered him with a cynical smile, "*Don't worry! America will apologize. May be no one will steer the matter from near or far and they will find a thousand justifications and reasons for it.*"

Another friend was silent all the time listening to the dialogue, had adjusted his seating and with a golden lighter lit an American cigarette. He talked at length, "*You are talking as though you do not know that America is the master of the world without competing and the super economic and military power, who orders and others obey. There is no state or power on earth can challenge it.*

Look for example, at the countries surrounding Afghanistan, which have important interest with the Government of Taliban such as Pakistan, which could not argue

about its interests despite the fact that it is a nuclear state and it had complied with the American orders and threats.

The United States of America with its economy, which represents 27% of world economies, and its strategic crushing military power masters the world without competition, and for these reasons deserves to be so, Further the American Administration and its officials are committed to playing the role of world police. In addition to their complete conviction in America's distinction and mission, there is the huge effective information machine confirms it and the effective American culture all over the world. "

I had listened carefully to this friend because I knew there is an aspect of truth in what he was saying. When this friend noticed the silence of all around listening to him, he went on to say," *Let me add something important. Under the economic and military power, the American Administrations and strategic policies hold tight to mastering the world as a sole world power pole. Therefore, they carefully watch, whatever threatens its role and mastery in the world, and inevitably, America moves immediately to suppress all threats, the most important of which are:*

First: The emerging regional powers, China for example, States seeking to possess strategic weapons, the nuclear weapons and weapons of mass destruction in all their types and rockets, which are capable of carrying such weapons.

Second: America fears extremism and intolerance in all its religious and national forms and especially the "Islamic intolerance", as they call it without looking at its causes. However, America was the mover, organizer and number one financier of this extremism and intolerance through its decisive battle with the former USSR in

Afghanistan, which was forming a dangerous threat to the main energy tributary in the Gulf region or so-called "warm waters".

Third: Terrorism in all its shapes and forms, which America visualizes it in certain religious or national organizations regardless of the objectives of such organizations to resist injustice and dislodge occupation forces to their lands and homes.

Fourth: America imposes its interests especially the economic and commercial interests via World Trade Organization (WTO). This allows America to suck more from the world funds- especially the poor world- through opening its markets according to the principle of completion, which the third world or even the second world does not possess any of its weapons and tools which are represented in international technologies and giant capitalist companies."

I felt that the talking had reached a point that I have to interrupt and give my opinion in an attempt to see the picture in its totality. Therefore, I said directing my talking to that friend, *"First let me confirm what you have said which contains a great aspect of right and truth. However, I would like to be like the respected English historian, Arnold Toynbee when he said, (I would like to see the picture in its totality and comprehensiveness)*

In addition to what you have said there are many other dimensions. They are very important, although many people do not see or let us say they do not want to see them. One of them is the Jewish Zionist dimension in the American strategy and in the scenarios of international events as a whole.

Of course, we agree that the economic axis is the other face of political objectives as economics and politics are two faces of the same coin. The materialistic aspect in the western civilization is the real and sole aspect of this civilization. It is Jewish by necessity and very important for the known Jewish Zionist objectives, which events had revealed. We, in particular, cannot ignore the known and famous reasons for targeting the Islamic Religion, which forms a difficult obstacle in the face of Zionist Jewish interests and objectives in the region.

Here, we have Samuel Huntington in his book Clash of Civilizations, reveals that Islam is the first enemy for the West. Further, the West must deal with Islam from an inimical setout, after the collapse of USSR.

No sooner the USSR had collapsed than the west had started targeting Islam as a civilization and a way of life flagrantly and directly."

All my friends and other people setting at nearby tables were listening and one of them interrupted with apology to ask me directly, "*What do you mean by saying the Zionist Jewish dimension in the western civilization?*"

I had answered him by saying, "*By the Zionist Jewish dimension in the western civilization, I mean that the Jews through their conspiracies and their effective Conspiratorial methods, were able to dominate the western civilization, in its general political, economical and military concepts, through clear concrete undeniable evidences. Let me try to display this issue with more documentation and comprehensiveness*

Let us start with the spiritual or religious aspect. All of us know the story of the Jews, since Moses, peace be upon him and until Jesus Christ, peace be upon him. We also know the dangerous maliciousness, which they had against Jesus Christ May peace be upon him, and we know what he

had said about them. Here I will concentrate on a point of an economic dimension, which is how Christ was cursing the money exchangers who were the usurers among the Jews. Then, how Paul was able to change the monotheist essence of Christianity and pushed it towards triangulation.

Further, how the Roman Emperor exterminated the monotheist cardinals in the city of Neqiyyah, thus, emptying Christianity as a religion from its true essence. Then Christianity deviated and reached a dangerous decline towards myths and ignorance during the middle ages. So much so, that people had hated religion and considered it a nightmare sitting on their chests.

Then, secularism swept Europe, marginalized the Christian religion, and reduced it to a symbol in the western societies. However, there were other things going on secretly through secret Jewish organizations such as Freemasonry, a dangerous Jewish organization, which was able to infiltrate and control big figures in the ruling elites in Europe, I do not exaggerate if say in the whole world. At the same time it was able to direct the affairs and policies towards its interests- Jewish interests- and for their malignant targets."

One of my friends interrupted me, saying, *"You are explicitly referring to the conspiracy theory in history, aren't you?"*

Another friend said, *"It is the excuse of those, who fail and cannot realize their aspirations by their knowledge and economy. Therefore, they justify their failures by conspiracies to lighten the effect of their humiliation and failure."*

I had a deep; sigh and said, *"Facts and events which are speaking not me. These facts are documents and books which western thinkers had written them not Arab or Muslim thinkers. So, let me complete my talking."*

One of them asked me with a signal to continue, while those sitting at the neighboring table turned and moved their seats closer in a verity obvious interest and asked to join us. They were from an Arab nationality and, the discussion had become different and more heated and serious with them.

I had resumed talking and said," What I am going to say may cause amazement or even astonishment for you, but it is the truth, which the honest people of the world in the west had realized and said their testimony and went on.

Here is **William Guy Carr** who was a colonel in the American army, then president for the **National Federation of Christian Laymen in America**. In his famous book," **Pawns in the Game**" he said," **If what I shall reveal in this book will steer amazement and astonishment of its reader, I hope it does not make him feel an inferiority complex. Frankly, I started this work in 1911 aiming to arrive at the essence of the concealed secret, which prevents humankind from living in peace and enjoying the abundant goods which God had granted to us. I could only arrive at reality of this secret in 1050.**

I came to know that wars and revolutions, which plague our life and the chaos, which is prevailing in our world, are all but the result of a continuous satanic conspiracy. This conspiracy had started in that part of the universe, which we call "*paradise*", when Satan challenged the divine right that God's word is supreme.

Holy books had told us how this satanic conspiracy had moved from heaven to our earthly world.

The scattered facts and axioms, which I had found in all parts of the world were unconnected links and cannot be coordinated. I realized when I had arrived at the truth that our struggle is not against ordinary creatures of blood and flesh but against spiritual and intellectual forces, which work in darkness and control most of those who occupy the highest position in the whole world. It seem few people can accommodate the reality which says that Satan was the most intelligent of heaven dwellers and the highest in rank and is not subject to extinction because he is a pure spirit.

Further, the holly books inform us that the power of Satan is so great that he managed to out one-third of the most intelligent angles from the divine constitution to side with him. He

claimed that the divine approach to rule the world was weak and unpractical, because it says that low creatures can learn how to know love. Therefore, they will wish to serve the Divine Entity out of a feeling of respect and appreciation of its absolute perfection. Whereas, the Satan doctrine says that might is right and the individuals who enjoy intelligence and superiority have the right to rule the rest of all creatures because the masses are ignorant of their interests.

This doctrine as we see is the same doctrine, which we call it in our modern terms, Tyranny or Absolute Rule.

Away from what this book said, allow me to quote what some American officials had said. Mrs. Madeline Albright former US Secretary of State, "**Let all know that we do what we want, change what we want and there is not a single obstacle because the the world is ours...the American world.**"

Anthony Lack an aid of former president **Clinton** said, "**Our leadership of the world is something required and respected in the four corners of the globe. Our interests, values and ideals force us to commit ourselves with the running of the world and we have to promote the ideas of democracy and free economy in the world because this protects our interests and ideas.**

This is a quick observation to draw your attention to the consistency between what Carr had said about Satan's doctrine and what is materializing on earth in the world.

I return to Mr. Carr again who goes on to say, "**Torah – Old Testament- is in reality a mere story of Satan when he became the master of the world and made our first ancestors deviate from God's side and hence the Satan had established his Synagogue on earth.**

Then the Torah informed us, how this Synagogue since then engaged in conspiring to fight the divine constitution and preventing its establishment on earth. Christ had arrived at a time in which conspiracy had reached a stage where Satan controlled all those who occupy the highest position in the world. The Christ had exposed Satan's synagogue, attacked his followers, and called them Satan's sons, who he described as the father of lying and prince of deception.

Christ had specifically defined the followers of Satan's synagogue as those who call themselves Jews but who are not so.

They are liars and profess no religion. Christ called top money exchangers – synonyms of top banks owners of today, clerks, hypocrites (Pharisees) as "Alnoraon" of that time.

Many of us forget that Christ had come to salvage us from the ropes of Satan, which are closing on our necks further and further with laps of years.

Christ had granted us the solution for our problems when he asked us to go to all nations and peoples and to teach them the reality of the conspiracy and he promised us if we executed what he had asked to do, then his real knowledge will free us from the clutches of this conspiracy. However, we had neglected doing our duty, which Christ had entrusted us to do. That was the simply the reason for the evolution of the conspiracy until it had almost reached the stage preceding its end.

So far, this was a mere introduction for the book of that honest American man, who realized the truth or indeed all facts and details and presented them to us. If we add them to the available marks, evidences and debouchments, they constitute the core of the fearful truth about the dangerous and destructive conspiracies, which the Zionist Jews are weaving. Satan, who they had taken as a protector instead of Allah, pushes them to such conspiracies. That is why they deserved Allah's curse and wrath.

Let us go a little deeper to be acquainted with the stages of the conspiracy and its exciting documented details. William Carr said," In 1784, God's will has put in the hands of the Bavarian government – which was independent prior to 1870 when it joined the German Union, which Bismarck founded- concrete evidences about the existence of a perpetual satanic conspiracy. Following are the details of the incident and its ambiguities. Adam Wizehoubet was a Jesuit professor of law at Engoldstat University, but had become proselyte and professed the satanic faith. In 1770, the usurers who organized Rothschild firm hired him to revise and reorganize the ancient protocols on modern bases. The purpose of these protocols is preparation for Satan's synagogue to control the

world and impose the satanic faith and ideology on the rest of humankind, after the social disaster, the preparation for which is in overwhelming satanic ways. Wizehoubet finished his task on 1 May 1776.

Wizehoubet had drawn this scheme to destroy all existing governments and religions through dividing the peoples, who he called "*Ghoyim*" (flocks of humans and by which the Jews describe humans of other religions) into camps rejecting one another and struggling forever, over a number of issues evolving continuously, such as the economic, political, racial and social problems and others. The execution of the scheme requires equipping these camps and at certain times to plot incidents, which make such camps get at each other's, throats. Through this struggle, they wane and destroy national governments and religious institutions. (Had William Carr been alive today he would have explained for us 11 September incidents.)

In 1776, Wizehoubet organized the **Alnoraon** to put the conspiracy into practice and resorted to lying by claiming that his objective is forming a single global government consisting from those who have high intellectual abilities and had proven their mental superiority. He was able to recruit about nearly two thousand followers among them were the most prominent superiors in arts, literature, science, economics, and industry and had established the **Grand Orient Forum** to be the secret leadership center for the men of the new scheme. The revised plan of Wizehoubet required from his Alnoraon to follow the following instructions to realize their objectives:

First: They must use bribery with money and sex to control the individuals who occupy sensitive positions, at various levels in all governments and in various fields of human activity.

When one of these influential individuals fall in the traps of the Alnoraon, they must surround him with knots and deplete him by working for their cause through political blackmailing or threatening by financial destruction or making him a victim of a public scandal or by causing physical harm or even death for him or his loved ones.

Second: The Alnoraon who work at professors at universities and scientific institutes should give great attention to mentally superior students who are from respected families to generate in them an inclination towards global internationalism. Later, they should train them especially in the fundamentals of internationalism, through allocation of students chosen for scholarships.

These students must get indoctrination in globalization to make the idea of a single government for the world becomes acceptable to them and fixed in their minds because it is the only way of salvation from the successive wars and disasters. They must convince the individuals of special mental talents and traits first and then establish the doctrine in the minds that they have the right to control those who are less efficient and intelligent than they are because Algueyem (flocks) are ignorant of their interest, physically, mentally and spiritually.

There are three specialized schools in the world today: The first is in **Jordanstone** town in **Scotland**, the second is in **Salim** town in **Germany** and the third is in **Anna Feta** in **Greece**.

Third: The task of the influential figure that fall in the traps of the Alnoraon and the students who had special training, is to become agents after they are made to occupy sensitive positions behind the curtain in all governments of the world, in the form of, experts or specialists. They will be able to offer advice to senior political leaders and train them to profess policies that in the end serve the secret schemes of the organization of the single world and arriving at the destruction of all religions and governments in which they had tasks to execute.

Fourth: To work for the sake of controlling the press and other information media, then displaying news and information for **Algueyem** in such a manner that will make them believe that forming a single global government is the sole way to solve the various problems of the world. As Britain and France were the most powerful state in the world at the time- end of 18th century- Wizehoubet had issued his order to the group of **Alnoraon** to steer colonial wars in order to exhaust Britain and its empire and to organize a great revolution to exhaust France.

He planned that the revolution to break in 1789). A German writer called **Savak** had compiled Wizehoubet's revised copy of the ancient conspiracy in a form of a book. He called it the "**Sole Original Manuscripts**" In 1784 this copy was sent to the group of Alnoraon who Wizehoubet had sent to France to plot a revolution there. However, the carrier of the letter died in a lightning storm on his way from Frankfurt to Paris and security men found the sabotage document and handed it to the special authorities in the government of Bavaria.

After studying the document of conspiracy carefully, the government of Bavaria ordered its armed forces to occupy the **Grand Orient Forum** and to storm the houses of a number of senior members of the group, including Baron Basso's palace and the additional documents found had proven the conspiracy of the Satanic Synagogue, which controls the Alnoraon group.

In 1785, the government of Bavaria closed down the Grand Orient Forum and declared the Alnoraon outlawed. In 1786, the Bavarian government published the details of the conspiracy. The headline of that publication was "**Original Writings of Alnoraon's Doctrines and System.**" Senior officials of the state and the church had copies of the publication. However, the penetration of the Alnoraon and their influence were behind ignoring that caution in the same manner people ignored the caution of Jesus Christ to the world.

One in the audience had asked me why they called themselves Alnoraon if they were carrying such great evil to the world. I answered him, saying, "Mr. Carr had explained that in his systematic study the term Alnoraon is a satanic expression meaning bearers of light. They say Satan is a bright gleaming creature. We are certain that Allah had created him from fire."

Another person asked me about, their relation with the international **Freemasonry** I told him that those who are called freemasons and run international masons forums today are in all certainty Alnoraon. Of course, they do not announce that they are worshippers of Satan to avoid the revolt of peoples and nations against them. Therefore, they had chosen the name Freemasons to cover and confuse the essence of their evil faith and thought.

Another listener asked me," Are there examples about their objectives, which they had realized and materialized?

I sat back in my seat and smiled while saying everything happening around you points to this. However, I will give two examples:

The first is about a senior Israeli "Musal" officer had defected from this secret terrible terrorist organization and had revealed in his book, "The Deceptive Path" plotting to kill George Bush the father upon his arrival to Madrid to open the Madrid Conference on Peace in the Middle East.

The second is the release of Monica – Clinton affair scandal by which they managed to weaken him because he was trying hard to force Israel to adopt a middle position in the Peace process with the Palestinians. It was only a mere pulling of Clinton's ear.

However, the grand essential examples are in abundance and represented in the revolutions and wars, which broke in Europe until this moment, through, the World I and World War II.

One in the audience protested saying this generalization deserves a convincing explanation. He had laughed heartily and said," You will be amazed at the details which Mr. Carr had mentioned in his dangerous book. Mr. Carr says, in 1789 the French revolution broke because the men of the state and the Church took the advice to ignore the caution which they had received. To caution other governments about the danger of the Alnoraon, the Englishman John Robinson, a senior freemason in Scotland, a professor of natural philosophy at Edinburgh university and general secretary of the Royal Society in it, had discovered the published a book in 1798 and called it," **The Proof of Conspiracy Existence to Destroy All Governments and Religions."**

Carr Says, "In 1789 John Robinson Cautioned the leaders of the freemasons from the infiltration of the Alnoraon group in their forums. Furthermore, in 1798, David Papin president of Harvard University gave the same caution to the graduates and explained the increasing influence of the Alnoraon in the political and religious circles in the United States of America.

In 1800, after John Queans Adams had organized the Freemasonry Forums in America he decided to nominate himself to the presidency and he won the elections. His letters to Colonel William Stone in this regard are in Rotenberg Square library in Philadelphia city.

For further details, I here quote what this honest man had written in his book. (In 1829, the Alnoraon held a conference for them in New York, in which an English member called Right, talked and said that their group had decided to combine the Nihilist and Atheist Groups and other sabotage movements in one single international organization known as Communism. The Conference appointed Clinton Roosevelt, who is the grandfather of President Franklin Roosevelt, to collect money to finance the new project. This money financed **Karl Marx** and **Fredrick Angles** who both had written the **Communist Manifesto** and **Capital, in** London the British capital city.

Within the scheme there was another group of Alnoraon supervising the preparation of the opposite theory and anti-Communism. Professor **Karl Reiter** was preparing it at Frankfort University. Later the German philosopher **Fredrick William Niche**, founder of **Nicheism**. It is the doctrine, from which later **Nazism** branched. Thus, they managed to steer the First and Second World Wars., through their influential agents.

In 1834, the Alnoraon chose the Italian revolutionary leader **Joy Sibi Mazzini** to be the manager of their mission of steering troubles in the world. Mazzini remained holding this position until his death in 1972.

In 1840, an **American General** by the name **Albert Bike** had studied at **Mazzini** hands joined the satanic group. He was very angry because **President Jefferson** had demobilized the Red Indian force, which was under his command, from the army, due to the atrocities, which they had committed under the mask of ordinary war operations. Bike had accepted the idea of a single global government and moved up the hierarchical system to be the president of the priestly system of the satanic conspiracy. During the period from 1859 to 1871, he worked on a military scheme for three world wars and three great revolutions. He considered them all will lead during the 20th century to the final stage of the conspiracy. **General Bike** had operated from his palace in Littlerock in Arkansas State.

In 1840 when the Alnoraon and the Grand Orient Forum became suspicious due to the wide revolutionary activities by Mazzini in all parts of Europe, general Bike took the task of innovating and reorganizing the freemasonry organization under new convictional foundations and founded three supreme councils called them "*Paladins*":

The First was in **Charleston** city in South Carolina, USA. The second was in **Rome**, the capital city of Italy. The third was in **Berlin**, the capital city of Germany. He entrusted to **Mazzini** to establish 23 secondary forums affiliated to them and distributed in strategic position s in the world.

Since then, these councils have been the secret leadership centers for the international revolutionary movement.)

Mr. Carr Says also, before ma long time of **Marconi's** announcement of his invention the Wireless (Radio) **Alnoraon** were able to make secret contacts between Bike and heads of of the mentioned councils. The discovery of this secret made the officers of Intelligence of Services realize how events which have no apparent connection, occur in different places in the world simultaneously and create dangerous conditions and circumstances over one of these events in particular. Then soon it will develop and turn into a war or a revolution.

Bike's scheme included organizing three international movements: **Communism**, **Nazism** and **Political Zionism** as well as other movements, all of which they will use to steer the three world wars and three revolutions.

The purpose of the **World War I** was to give Alnoraon a chance to topple the rule of the Tsars in Russia and turning this region into a stronghold of atheist **Communism**. This had happened of course. The preparation for this war was by exploiting the differences between the German and British empires, which the agents of the Alnoraon had created in both states. After the war, they used Communism as doctrine to destroy other governments and weaken religions. This had happened also.

World War II came because of the differences between the Fascists and the Zionist Political Movement. The plotted plan for this war was to end in destroying Nazism and the increase the influence of the Zionist Political Movement and be able to establish the state of Israel in Palestine.

One of the planned objectives was to build the strength of communism and to consolidate until it becomes a super power capable of challenging all powers of the Christian world. The scheme required that to stop it at this level in order to start work for implementing the next stage, which is the preparation for the final human disaster.

May I ask," Can anyone who is knowledgeable deny that **Churchill** and **Roosevelt** were executing this plan? One of those who joined our table asked what about our struggle with the Jews. Where is it in this entire affair?

Nevertheless, listen to what the author says literally about the third world war: As for the third world war, it will break because of the conflict, which **Alnoraon** will steer between political Zionism and the Islamic world. They will direct and run this war in a manner, by which Islam and Zionism will destroy each other, simultaneously other peoples who will find themselves divided over this struggle will fight against each other until they reach a state of absolute exhaustion, physically, mentally, spiritually and economically.

Carr wanders in his book: Can an impartial man with a sound reason deny that the secret conspiracies currently going on in the Near East, Middled East and Far East are all parts of one coordinated scheme aiming at achieving such a satanic objective.

The same person asked me again, "Do our leaders know what is being weaved against us? Why did it target us despite the fact that our history as a nation with the other had no hatred or malice except because of the huge injustice against this nation from the west, which is under control of a terrible satanic octopus?

I told him and the others who were listening, let me complete what know about this terrible satanic objective, which will never materialize except on the shreds of humanity and values. About this

General Elbert Bike says to **Mazzini** in a letter in 1871(The British Museum keeps this letter) ,
,"Those who aspire to absolute control of the world after the end of the third world war will cause the greatest tragedy in history.

The letter, which **Carr** included in his book "**Pawns in the Game**", says, " **We will set loose the atheistic nihilistic and destructive movements and we will work for causing a general human disaster, the extreme ugliness of which shows to all nations the result of absolute atheism. The will see in it as the source of brutality and grand bloody shock. Then the citizens of all nations will find themselves forced to defend themselves against that minority of callers of world revolution, so they move to exterminate its individuals the destroyers of civilizations. At that time masses of Christianity will find that its priestly notion had become lost and without a meaning. These masses will be thirsty for an example and to something to turn to worshipping. At such a time the real light will come from the pure doctrine of Satan, which will become a global phenomenon as an inevitable result of the simultaneous destruction of both Christianity and atheism.**"

The second letter, which General Elbert Bike wrote on 14 July 1889 to all heads of **Supreme Councils (Paladins)**, which he had formed before, was a proof with other documents that he was the spiritual leader for this satanic priestly system. The letter says in one of its parts, "We must tell the masses that we believe in Allah and worship him, however the God who we worship myths and illusions do not separate us from him. We the ones who had reached the highest knowledge must preserve the purity of the Satanic Doctrine ...Yes Satan is the God. Unfortunately, however, "**Adony**"- term used by Satan worshippers for "**Allah**" or "**God**"- is also a god. Thus, the belief in the existence of Satan alone is blasphemy and heresy. However, the real religion and pure philosophy is the belief in **Satan** as equal to **Adony**, However, Satan is the God of light, the God of goodness who is struggling for the sake of humanity against **Adony** the God of darkness and evil.)

I say as my God said," ***Mighty is the word that comes out of their mouths [i.e. He begot (took) sons and daughters]. They utter nothing but a lie.***" (Al-Kahf 5)

I repeat the words of Allah," *Allah is the Wali (Protector or Guardian) of those who believe. He brings them out from darkness into light. However, as for those who disbelieve, their Auliya (supporters and helpers) are Taghut [false deities and false leaders, etc.], they bring them out from light into darkness. Those are the dwellers of the Fire, and they will abide therein forever.*" (Al-Baqarah 257)

After displaying the details and the features of what is going on around us in the world and after the conspiracy had reached its Simi-final stage, I ask:

What should we do?

What means and method should we follow to escape from this spreading evil?

Many may differ about the means and methods to escape from this satanic evil trap, however, there is only one inevitable thing for breaking loose and escaping and that is holding to the objectives of religion and going under the Allah's umbrella the sole single God who is the refuge, haven and supporter.

Then atmosphere of discussion was encouraging after all had interacted with it and their looks were demanding more facts, which the successive events confirm them. In fact, the reader of books and publications, especially those written by western minds, and which are different from our spiritual and social approach as Muslims, feels their great credibility due to the dangerous facts and circumstances which they include. They become integral, true and correct, when measured by our concept of the general context of Qur'an stories, sayings of our Messenger Mohammed bin Abdullah, May peace be upon him, and what is contained in our great religious heritage.

This exhortation and emphasizing of holding, to the life jacket as represented by the Islamic religion and Allah's tolerant great Shari'ah is not a mere favor or a superficial form. Allah had chosen Islam for his subjects to escape from the continuous satanic conspiracy, which started the moment Satan rebelled against Allah's orders and it is necessarily continuing until Allah inherits the earth.

ANTICHRIST RELATION TO CONSPIRACY

It is important while we follow the path of the end through its known marks, which the Qur'an told them to us, as well as the sayings of the Allah's Messenger, heavenly books such as Torah and especial the Bible and whatever is established in the religious consciousness or unconsciousness of humankind.

It is important also, to connect events in a real and logical manner with all these circumstances. We, as Muslims, know exactly the marks of denoting the pre- Doomsday period or which will occur though the time stages on the way to the inevitable end for the universe and resurrection. Among these marks are the appearances of Antichrist, the despotic creature who will appear equipped with a super scientific power to turn people from worshiping God in an attempt mislead people on behalf of Satan. This attempt is mentioned in the Sayings of Allah's Messenger in addition of course to the Qur'an text where many verses call people to avoid Satan and his traps.

The Jassasah Hadith about Antichrist is a true Hadith in Al Bukhari's account. To be closer to this point we have to go back again to the events and circumstances and details of this satanic conspiracy so as to connect finally between the points meetings of our concepts with the concepts of western facts which **William Carr** had included in his book.

Then man says, though his talk is political and has no connection to religion, "The conspiracy leadership center was in Frankfort city in Germany until late 18th century. The city in which the Jewish family of Rothschild had established itself through founding banks and financial hegemony and who had put under its influence a number of top global fanciers who had sold their consciences to Satan. Then the priests of the satanic system moved the center of their leadership to Switzerland in 1786 after the government of Bavaria had revealed their suspicious activities. They remained there until the end of the World War II. Then, they moved to New York. The center of their leadership became in Harold Brat building. The Rockefeller family replaced the Rothschild family in relation to

financing operations. In the final stage of the conspiracy, the global government will consist of an absolute despotic king, the Satan's Synagogue and a number of Millionaires, economists and scientists who prove their loyalty to the satanic cause.

As for the rest, they will be gathered in huge masses of animal nature subject to the rules of artificial division, which are set and applied, on global level. **Bertrand Russell** says in his book " **The Effect of Science on Society**" (Pages 49-51), "**Man in the world of the future will be regulated in such a manner that only 30 % of females and 5% of males will participate in the human breeding and the type and size of breed will be defined according to the needs of the state.**"

William Carr said, " **Because the decisions of the Masonry Councils (Paladins) will always remain in the minds of the people, therefore I will finish this part by quoting excerpts from a lecture given by one head of a Masonry Council, to the members of the Grand Orient Forum in Paris, France at the beginning of this century. *'Then under our influence, we have reduced the application of the Algueyem laws to the lowest level, undermined the prestige of the law through the liberal interpretations which we have introduced in this field. Judges will rule in the key issues as we dictate on them. That is to rule Algueyem according to principles, which we put for them. We do this of course through individuals who are just puppets in our hands, though there is no apparent connection between them and us. There ate even Senators and members of the Administration who accept our advice.'***

Then, William Carr concludes that, " The conspiracy is really as was related in details had realized the greatest part of it during the World War I and World II in which Britain and France had turned into states of the second degree and stopped Communism at a certain level. The three revolutions had occurred and changed the face of the world. These are the French, Russian and Chinese Revolutions. The Third World War has not occurred yet but its execution has reached a very advanced stage.

As for the Far East and Near East, William Carr said, " **The conspiracy is going on to prepare for the Third World War**". What is going on now was the talk of the 1950's at the time of writing his

book. Stopping of this scheme by informing world public opinion that the final social disaster is inevitably coming and following it will be an absolute physical, mental and spiritual tyranny for humanity.

AN IMPORTANT LETTER TO THE AMERICAN PEOPLE

What **William Carr**, President of **National Federation of Christian Laymen in America**, had reached in certainty, facts and information, had propelled me to write this book. I feel the book is important for the world to read. However, I believe personally, that what had been planned to happen will happen if it is Allah's will in the struggle between good and evil and in accordance with the inevitable law of the end, which we believe in it as an indigenous part of our belief in Allah and the Doomsday.

The man had made a call to the American people saying, "I besiege you - American people – to organize civil Christian groups or form similar blocks for studying and knowing. You must use them to facilitate for the loyal citizens to reach public positions by elections. However, before you vote for any candidate to a public post, you have to make sure that he is fully acquainted with the conspiracy aspects at the general level of the country, at both levels of states, and federation. Not all believers in establishing a unified world are prepared to serve Satan's Synagogue, if they know the reality of what they are doing. Therefore, our duty obliges us to tell the truth. The Christian civil blocks should avoid partisanship and sectarianism because our first objective should be restoring belief in God not in politics to be able to establish a government, which follows in ruling the world, the rules of the divine constitution as shown to us by the Holy writings and explained to us by Jesus Christ. It is only then, God's will on earth as it is in heaven. God will never interfere by siding with us and our prayers will not materialize unless we manage to realize all this."

MASONRY

ORGANIZATION OF SATANIC WORK

There is no secret organization in the world, which is as ambiguous and dangerous as **Masonry**. It is in origin an extension to the efforts of Satan and his followers in continuous work and deeds to realize the despicable task. The task, which he had, undertook since his expulsion from God's mercy, threatening to lure the faithful and spread corruption in earth. His ultimate objective is the refutation of faith in monotheistic religions from the hearts of humankind. His hellish scheme is to destruction humanity by wars and corrupting the souls by shunning all great human values which all Allah's Messengers had brought to guide humanity ,spread justice , tolerance and establishing the worship of Allah the one, which is the essence of human existence.

I have already displayed the details of the satanic conspiracy, through events, documents and persons, who led the work, organization and implementation of its stages. This dangerous organization is Jewish in its origin, scheming and objectives. These Jews had sold themselves to Satan and contracted with him to work for realizing his objectives against cheap worldly gains such as money power and mastery. However, they can never achieve those objectives, with Allah's will. These people act, out of their inherent feeling of humiliation, poverty, deserving God's wrath, would inevitably be defeated and exterminated from earth. It is certain felling in the unconscious mind of the Jews.

For this reason, there is no Jew in any part of the world- however his influence of money or position may be, - feels secure or safe. A Brazilian Jew for example, does not feel that he belongs to Brazil as a citizen who was born and brought up there, but he lives in a perpetual fear and a destructive worry from all who are non- Jewish. Satan had managed to implant this paranoia in their hearts and minds, to hand him their leadership. In this regard says General Ref'at Jawad Etlakhan a Turkish noble who watched the movements of this organization accurately. He ultimately managed to reach at concrete evidences of its Jewish identity and objectives. He had lived through dangerous events of the fall of Caliphate, wars of independence in Turkey and World War I. He had written many books about the dangerous role of Masonry against the entire world and religions in particular. These are some of his books:

1. The Invisible State
2. How Masonry worked on Destroying Islam and Turkish Nationalism
3. Dear Turk, know Your Enemy!
4. The Danger Surrounding Islam
5. Secrets of Masonry

Etlakhan says about the Jewish identity of masonry, " The Jewish systems and teachings are the bases on which they established the grand forum in 1717 and putting its drawings and symbols.

International Jewry is still the inherent moving force behind Masonry. The real senior masters in the Masonry Forums are the representatives of the secret Jewish associations. As for the solidarity among the Masons in the world, researchers say it is due to the presence of many Jews in the front rows of masonry.

The concrete evidence, which is irrefutable about the connection of Judaism with masonry, the following excerpts from the **Protocols of the Elders of Zion**:

"Untie the time, in which we reach to power, we will create and double cells of Freemasons in all parts of the world. We will attract to them each and everyone known to be of general spirit. These cells will be key places from which we will get what we want of news. Further, they will be the best centers of publicity. We will put these cells under a single leadership known to us solely. This leadership will consist from our scientists. These cells will have their own representatives to obscure our real leadership. This leadership will alone have the exclusive right to appointing who speaks for these cells and draws their daily schedule. In these cells, we will put all traps and tricks for all the socialists the revolutionary classes of the society. We know most secret political plans and we will guide their implantation as soon as they are formed.

Nearly all agents of the international secret police will be members in these cells. The services of the police are of great importance to us because they are capable of putting a curtain on our schemes and devising hindering explanations of boredom and discontent between sects. Further, they punish those who reject submission to us. Most people who join associations are adventurers wishing to find their way in life by any price and are not inclined to seriousness and suffering. With such people, it will be easy for us to pursue our purposes and make them push our apparatus to move.

When conspiracies start throughout the world, it will mean that one of our most faithful agents is at the top of those conspiracies. We are the only people directing the **Masonry** schemes. We are the only people knowing where to direct them and the ultimate purpose of each work. Whereas, the internationalists (Algueyem =Non-Jews) are ignorant of most things related to Masonry and they cannot even see the immediate results of what they do. Out of curiosity, the Algueyem often visit the

Masonry cells or hoping to get some of the good things that are going on in them. Some intrude them because they are capable of talking about his foolish ideas before the forums.

Algueyem are looking for the emotions of success and acceptableness. We distribute them randomly and without reservation. Therefore we leave them get their successes so as to direct every one obsessed by feelings of arrogance, saturated with our ideas and in negligence feeling sure of their personal greatness to serve our interests. You cannot imagine how easy to push the most skillful Algueyem to laughable state naivety and ignorance by steering his arrogance and impressiveness in himself. How easy, on the other hand, to discourage his courage and determination by the mildest frustration even merely by not uttering g acceptableness and by that we push him to humiliating submission.

WE notice that the previous paragraphs from the **Protocols of the Elders of Zion** or the working means of (satanic conspiracy) date back to 12717. This text is older than the text, which, the government of Bavaria discovered in 1784, which Adam Wizehoubet had revised and re- drafted.

I would like to add here that the so-called Rotary and Lions Clubs are frontal claws for the satanic group and I will give their real meaning as translated by Dr. Ihsan Hiqqi in his book the "**Protocols of the Elders of Zion**", despite differing with him about his judgment on those texts.

Dr. Hiqqi says in translating the meaning of the Rotary and Lions," **Rotary** means circular or circular movement. The Term "**Lions**" is abbreviation of **Liberty& Intelligence Our National Safety.**"

I think that these clubs are masonry facades, which carry advertisements for the good, such as humanitarian work and aids to the sick and children but in reality, they are places for gathering information from the elders and elite through chatter meetings and gatherings and for recruiting and organizing who they think are fit for implementing their schemes. These places are the meeting places of the distinctive social elites who are capable of joining their memberships. Further, I have to add here that the term 'free' or 'liberty', which these protocols include, means freedom of man from all metaphysical beliefs, that is getting rid of religion and its legislations.

The reader must know that Zionism which is just a façade of Satan kingdom conspiracy and an arm of global Masonry. Masonry and Zionism are two faces of the same coin. Both had schemed to topple the Islamic Caliphate in Turkey. This is a known and documented fact and the man who carried the letter of abdication to **Sultan Abdul Hamid** was a Jew (**Qorrah Sow**). Further, the Jews had tried to bribe him with money and gold to grant them the land of Palestine to turn it into a Jewish homeland.

The Sultan refused to meet **Theodore Herzl** the well-known histrionic Zionist leader. And told his Jewish envoy **Niolinski**, "If Herzl is your friend as much as I am your friend, advice him not to move in this matter at all. I cannot sell even one foot of the country because it is not mine but to my people. My people had gained this empire through shedding their bloods. Later they had fed it with their bloods and we will cove it with our bloods before we let anyone usurp it from us. Two Brigades of our army fought to death in Syria and Palestine, the Ottoman Empire is not my possession but for the Turkish people. I cannot grant any part of it. So, let the Jews keep their billions. If our enemies divide the empire then the Jews may get Palestine without a price. Its division will be over my dead body and we will never accept dissecting us for any purpose."

From the book of "Invisible Global Government"

Sultan Abdul Hamid, however, was not aware that masonry had already controlled the key centers of his rule, through its followers among the ministers, officers and politicians and then they were able to control everything and topple the sultan, putting an end to the Islamic Caliphate. It was a glaring example of this dangerous conspiracy by the followers of Satan who had for long, changed the Islamic face of Turkey

JEWS & AMERICA

Amidst the hellish scheming for this hellish conspiracy and those Satan worshippers who are implementing it, the Jews did not retrain from following all cheap and evil ways and means to achieve its objectives and realize their purposes. It is their habit to move towards the emerging

flourishing civilizations as soon as they see them. They infiltrate into the political and economical centers and through conspiracies and deceptions manage to have control and influence.

When America emerged as a new land promising of a future strong flourishing state, they started migrating in waves by false passports, which Jewish offices provided for them, and they pretended to be Poles Irish or Russians. However, American leaders were aware of the coming evil to their country.

Benjamin Franklin one of the founding fathers of America said in his speech on formulating the American constitution in 1789. The following paragraphs are from the **Invisible Government** quoted from a document in Benjamin Franklin's Institute in Philadelphia, Pennsylvania." ***There is a great danger threatening this country. It is the danger of the Jews. In every land the Jews lived had brought down the level of morality and corrupted the commercial conscience. They keep themselves isolated and do not mix with others. Oppression had led them to work for strangling the peoples as they are doing in Spain and Portugal. For more than 1700 years, they have been mourning their luck, meaning their exile from the lands of their ancestors. However, even if the civilized states give them Palestine this day, they will find reasons, which prevents them from going back, why? This is so, because they are parasites who do not live depending on one another. They have to live among the Christians and others who are of different race. If we do not prevent these people from entering the United States, by a constitutional provision, , they will flow to the United States and within a hundreds years , they will attain influence which enables them to rule and destroy our people and change the form of our rule for which we had sacrificed our souls and properties and individual freedoms. Within two hundred years, the destiny of our grandchildren will be working in the fields to feed the Jews, who will remain in the finance Houses rubbing their hands in satisfaction.***

I caution you that if you do not exclude the Jews forever, your sons and grand sons will curse you in your graves. The Jews will not adopt our supreme ideals even if they lived among us for ten generations, the tiger cannot change its spotted skin. The Jews are dangerous for this country. If

we allow them to enter it freely, they will eliminate our institutions. Therefore, we have to exclude them by a constitutional provision."

Indeed, the Jews had infiltrated the United States of America, in the same manner, which Franklin had cautioned. They have controlled all economic firms and through them, they were able to control the American political establishment, in addition, of course their control of American media or the rather global media. Then they tamed the all-American political, economical and military establishments and made them dummies in their hands.

It is strange that these people had gained this degree of control, influence and accuracy of implementation of the provisions of the dangerous satanic conspiracy. If we measure by our simple minds all those events since that time, we will find a complete amazing match of all we published materials about that satanic scheme with all events until this moment in which I am writing these lines.

I here quote these paragraphs about the **Protocols of the Elders of Zion** literally:

PROTOCOL No. 1

Right Is Might – Power of Jewish Gold

Divide & Rule

We must note that men with bad instincts are more in number than the good, and therefore the best results in governing them we can attain by violence and terrorization, and not by academic discussions..

What has restrained the beasts of prey that we call men? What has served for their guidance hitherto?

In the beginnings of the structure of society, they underwent to brutal and blind force; afterwards - to Law, which is the same force, only disguised. I draw the conclusion that by the law of nature, right lies in force. Political freedom is an idea but not a fact. This idea one must know how to apply whenever it appears necessary with this bait of an idea to attract the masses of the people to one's party, for crushing another who is in authority. This task becomes easier if the opponent has himself believed in the idea of freedom or the so-called liberalism. It is precisely here, that the triumph of our theory appears. The slackened reins of government are immediately, by the law of life, caught up and gathered together by a new hand, because the blind might of the nation cannot exist for one single day without guidance. The new authority merely fits into the place of the old already weakened by liberalism. In our days, the power, which has replaced that of the rulers who were liberal, is the power of Gold. Time was when Faith ruled. The idea of freedom is impossible of realization because no one knows how to use it with moderation.

The despotism of Capital, which is entirely in our hands, reaches out to it a straw that the State, willy-nilly, must take hold of, if not - it goes to the bottom.

The political has nothing in common with the moral. The ruler who the moral is governing him is not a skilled politician, and is therefore unstable on his throne. He who wishes to rule must have recourse both to cunning and to make-believe. Great national qualities, like frankness and honesty, are vices in politics, for they bring down rulers from their thrones more effectively and more certainly than they bring down the most powerful enemy from their thrones more effectively and more certainly than the most powerful enemy does.

Our power in the present tottering condition of all forms of power will be stronger than any other power, because it will remain invisible until the moment when it has gained such strength that no cunning can any longer undermine it.

Out of the temporary evil we are now compelled to commit will emerge the good of an unshakable rule, which will restore the regular course of the machinery of the national life, brought to naught by liberalism. The result justifies the means. Let us, however, in our plans, direct our attention not so much, to what is good and moral as to what is necessary and useful.

Before us is a plan in which is laid down strategically the line from which we cannot deviate without running the risk of seeing the labor of many centuries brought to naught.

In order to elaborate satisfactory forms of action it is necessary to have regard to the rascality, the slackness, the instability of the mob, its lack of capacity to understand and respect the conditions of its own life, or its own welfare. We must understand that the might of a mob is blind, senseless and un-reasoning force ever at the mercy of a suggestion from any side. The blind cannot lead the blind without bringing them into the abyss.

Behold the alcoholic animals, bemused with drink, the right to an immoderate use of which comes along with freedom. It is not for us and ours to walk that road. The peoples of the **Goyim** bemuse themselves with alcoholic liquors; their youths have grown stupid on classicism and from early immorality, into which our special agents have inducted them - tutors, lackeys, governesses in the houses of the wealthy, clerks and others, by our women in the places of dissipation frequented by the **Goyim**. In the number of these last I count also the so-called "*society ladies*" voluntary followers of the others in corruption and luxury.

Our countersign is - Force and Make-believe. Only force conquers in political affairs, especially if concealed in the talents essential to a political leader. Violence must be the principle, and cunning and make-believe the rule for governments, which do not want to lay down their crowns at the feet of agents of some new power. This evil is the one and only means to attain the end, the good. Therefore, we must not stop at bribery, deceit and treachery when they should serve towards the attainment of our end. In politics, one must know how to seize the property of others without hesitation if by it we secure submission and sovereignty.

Our State, marching along the path of peaceful conquest, has the right to replace the horrors of war by less noticeable and more satisfactory sentences of death, necessary to maintain the terror, which tends to produce blind submission. Just but merciless severity is the greatest factor of strength in the State: not only for the sake of gain but also in the name of duty, for the sake of victory, we must keep to the schedule of violence and make-believe.

Far back in ancient times, we were the first to cry among the masses of the people the words "*Liberty, Equality, Fraternity*," words many times repeated since those days by stupid poll-parrots who, from all sides around, flew down upon these baits. The would-be wise men of the **Goyim**- the intellectuals, could not make anything out of the uttered words in their abstractedness. They do not see that in nature, there is no equality and no freedom. Nature has established inequality of minds, characters, and capacities. It has as immutably established subordination to her. The mob has never realized that the mob power is a blind, the elites it elects from among it to bear rule are, concerning the political, the same blind men as the mob itself. The adept, though he is a fool, can yet rule, whereas the non-adept, even if he were a genius, understands nothing in the political - to all those things, the **Goyim** paid no regard.

In all corners of the earth, the words "*Liberty, Equality, Fraternity*," brought to our ranks, thanks to our blind agents, whole legions that bore our banners with enthusiasm. However, all the time these words were canker worms at work boring into the well-being of the **Goyim**, putting an end everywhere to peace, quiet, solidarity and destroying all the foundations of the **Goy States**. As you will see later, this helped us to our triumph, because they gave us the possibility, among other things, of getting into our hands the master card - the destruction of the privileges, or in other words of the very existence of the aristocracy of the **Goyim**, that class which was the only defense peoples and countries had against us. On the ruins of the eternal and genealogical aristocracy of the **Goyim**, we have set up the aristocracy of our educated class headed by the aristocracy of money. The qualifications for this aristocracy we have established in wealth, which is dependent upon us, and in knowledge, for which our learned elders provide the motive force.

Our triumph has become easier by the fact that in our relations with the men, whom we wanted, we have always worked upon the most sensitive chords of the human mind, upon the cash account, upon the cupidity, upon the insatiability for material needs of man. Each one of these human weaknesses, taken alone, is sufficient to paralyze initiative, for it hands over the will of men to the disposition of him who has bought their activities.

The abstraction of freedom has enabled us to persuade the mob in all countries that their government is nothing but the steward of the people who are the owners of the country, and that the steward is replaceable like a worn-out glove.

It is this possibility of replacing the representatives of the people, which has placed at our disposal, and, as it were, given us the power of appointment.

This was the first protocol and I have tried to select certain excerpts from this protocol which point clearly to the satanic Zionist Jewish thought, It lays down the dirty means and ways which depend on gold cruelty, division and intimidation to achieve the satanic objectives for reaching to the government which antichrist will lead.

Before continuing the display of excerpts from other protocols I would like to go back to again to recording some historical dangerous facts relayed to the content of these protocols, particularly in using financial influence and the power of gold to attain control . Their special directive for their objectives, William Carr says in his book Pawns in the Game:" One of the acts, which Jesus Christ had made, had a great indication when studying the global revolutionary movement. Many people consider Christ a radical revolutionary who built his reform movement on the worship of Almighty God, obedience to the legal authority and the love of one's neighbors. Life story of Christ shows us that he had loved all people except one special group. He hated usurers with violence, which is strange from a man with ignorance of Christ. He attacked them strongly many times for their usury and called them money worshippers. He said about them that they are from Satan's Synagogue. The strong expression of Christ's hatred to money exchangers was when he took the whip and expelled them from the

temple describing them with these words: This temple was a house for God but you have turned into a cave of thieves. By this act of vengeance against the money exchangers, the Christ had signed his own death warrant (Ascension). The Noraon and fake priests had developed the plan by which the Roman soldiers would execute Christ and prepared the 30 silver coins with which Judas had bribed Alaschriouti. They were behind spreading the rumors and hired their promoters to mislead the riffraff. The Noraon's agents were the ones who led public people when they declared their acceptance of Barabas and shouted calling for the execution of Christ. They were the ones who had arranged the matters to depict the Roman soldiers as the perpetrators of the death penalty. After they had completed their evil act and avenged for themselves, the conspirators retreated from the center of events and place the burden on riffraff Jews and their children.

The history proves that they had a satanic cause to depict their crime in this manner. History had proved that they were scheming to use explosive hatred among Jews to proceed in their secret schemes for building their absolutist rule.

According to the satanic plan which they had developed , money is still since eternity their most effective weapon of Satan and his agents, the priests of Satan's synagogue because they know its effect on people and the extent of its necessity to life.

From the glaring historical facts, we will mention two incidents, which shed light on this evil scheme and the role of the Jewish priests of Satan and their continuous conspiracy since the dawn of history, aiming to destroy all powers to attain their purposes. William Carr relates these two incidents as concrete evidence of such conspiracy. The first incident is in ancient history. It is about, *Sinika*, a Roman reformer and philosopher (5 B.C. to 65 A.C.) who died because he tried to do what Christ had done before him, which is revealing the corrupt operations and the evil influence of the usurers who had infiltrated into Rome. Sinika was Emperor Nero's up bringer and tutor. When Nero became Emperor *Seneca* became his faithful advisor and friend.

However, soon Nero got married to *Poppaea* who entrapped him in the robes of the evil usurers. Therefore, Nero had turned to become the worst ill famed ruler in history. His personality regressed to be mean and low and his vengeance took the form of open enmity towards anyone whose misfortune makes him the subject of Nero's anger.

Thus, Seneca had lost his influence on Nero but he never stopped criticizing publicly the usurers due to their evil influence and corrupt practices. In the end, the usurers demanded from Nero to take the measure, which will silence Seneca, who was enjoying a huge popularity. To avoid public anger, Nero ordered Seneca to take commit suicide.

Seneca was not the last case of suicide in history. There are many similar cases of murders, depicted as suicides. American Secretary of Defense James Forrestal died in 1945, they said that he had committed suicide. However, it was the worst example of such crimes, in recent history.

In 1945, Forrestal was convinced that the American banks owners secretly form one group with the global banks owners who control the finances of France, England and all other states. As he says in his memoirs (see Forrestal Memoirs, Viking Press, New York 1951) he was convinced that The global money barons were the Noraon who were directly responsible for the eruption of both World War I & World War II.

Forrestal had tried to convince President Roosevelt and all other government officials with this fact. We do not know whether he had committed suicide due to his failure and feeling of frustration or assassinated to silence him forever. The means of murders, which seem as suicides have become acceptable in the global conspiracies through the ages.

Carr mentions in his book the "Jewish commercial monopolies." When Europe entered the dark ages after the fall of the Roman Empire under the rule of Nero, the Jews had a key effect on it. The British historian Edward Gibbon (1737- 1794) described the corrupting influences of the Jewish merchants and usurers as major role in the regression and fall of the Roman Empire. He talked at length about the role of Poppaea Nero's wife who was a Jewess.

With the fall of the Roman Empire, the Jews established their control and Europe entered the dark ages. The British encyclopedia says about this subject: (The Jewish merchants and usurers had a strong inclination to specialize in trading. They were skilled in this field and assisted by their presence everywhere. Most of Europe's trade, in the Middle Ages was in their hands, particularly slave trade.)

History reveals that corrupt trade in all its types such as drugs, prostitution and smuggling in all its types such as intoxicants, perfumes and expensive goods were all in the hands of the Jews. Furthermore, they corrupted through bribery and buying of consciences of senior officials to protect their interests. All these practices had undermined of morals of the society and hence the civilizational collapse was inevitable.

All European economies fell in the hands of the Jews because they had complete control of commerce and trading whether legal or illegal. You can feel this by looking at an ancient Polish and Hungarian currency coins carrying Jewish inscriptions, this shows their financial control and economic influence.

Carr, also, says, this reveals the reason of the Jews insisting on controlling currency and making its issuance in their hands, because they had a conviction since ancient times, and reiterated by Mayer Amschel Bauer (1743-1812), the founder House of Rothschild born Frankfurt, Germany, the son of Moses Amschel Bauer, a moneylender and the proprietor of a counting house. Over the entrance door, he places a red sign. He was one of the senior members of Satan's Synagogue, who had brought Houbet to redraft the protocols of the conspiracy. Rothschild also schemed with the rest of his group for the French revolution.

Carr, also, mentions that the priests of conspiracy were behind the Crusades campaigns against the Moslem countries during the period 1095 – 1271. He said that the barons and the Jews together used the pretext of protecting Christian pilgrims to the cradle of Christ and for establishing a Christian rule in Palestine. They had organized eight Crusades campaigns. However, in reality they were seeking to divide Europe into two warring camps, the Jews on one side and non-Jews on the other side. The

Crusades campaigns failed and the millions, which Europe had spent, were in vain in addition to millions of killed souls in the war. As for the Jews, they had come out richer and more powerful.

In 1215, the Catholic Churches held their Fourth Ecumenical Conference. Its subject was Jewish excesses in all European countries. Due to the unity between the church clergies and the leaders of Europe, they had agreed to continue the Crusades Campaigns and issued orders and decisions to limit usury, which the Jews were practicing through illegal and immoral means, which gave them economic merits in their completion with the **Goyim**.

To attain this objective, the representatives of the Fourth Ecumenical Conference had issued orders ruling restricting the residence of the Jews in their private life and preventing them from employing Christians as workers or agents in their dealings. At the time, Jewish merchants and usurers were using Christians as facades for their businesses. They concluded suspicious deals through their Christian employees and agents, who were mostly, bear the consequences of such work when revealed.

Laws were issued prohibiting the employment of Christian girls and women in the houses of Jews because they were in the habit of seducing girls to turn them into prostitutes, who they used for achieving more influence and money, in addition of course it is an important satanic mission in destroying the morals and fundamentals of religions.

Despite this, the Church with all its authority and influence along with all the political leaders in Europe could not subject the Jewish money barons to laws. Therefore, the Pope took the matter as pretext for scheming to destroy the Church and its authority by separating it from the state, through the transmission of secular and non-religious ideas.

PROTOCOL No. 2

Economic War a Prelude to Advent of Global Government Darwinism and Marxism Both Are Jewish tools

It is indispensable, for our purpose that wars, as far as possible, should not result in territorial gains. We will thus bring wars on to the economic ground, where the nations will not fail to perceive, in the assistance we give, the strength of our predominance. This state of things will put both sides at the mercy of our international AGENTUR, which possesses millions of eyes ever on the watch and unhampered by any limitations whatsoever. Our international rights will then wipe out national rights, in the proper sense of right, and will rule the nations precisely as the civil law of States rules the relations of their subjects among themselves.

The administrators, who we shall choose from with strict regard to their capacities for servile obedience, will not be persons trained in the arts of government. Therefore, they easily become pawns in our game in the hands of men of learning and genius who will be their advisers, specialists bred and reared from early childhood to rule the affairs of the whole world. As is well known to you, specialists of ours have been drawing to fit them for rule the information they need from our political plans from the lessons of history, from observations made of the events of every moment as it passes. We do not guide the Goyim by practical use of unprejudiced historical observation, but by theoretical routine without any critical regard for consequent results. We need not, therefore, take any account of them - let them amuse themselves until the hour strikes, or live on hopes of new forms of enterprising pastime, or on the memories of all they have enjoyed. We will let them continue to believe in the principal part, which we have persuaded them to accept as the dictates of science (theory). It is with this object in view that we are constantly, by means of our press, arousing a blind confidence in these theories.

The intellectuals of the Goyim will puff themselves up with their knowledge and without any logical verification of them will put into effect all the information available from science, which our

AGENTUR specialists have cunningly pieced together for educating their minds in the direction we want.

Do not suppose for a moment that these statements are empty words: think carefully of the successes we arranged for Darwinism, Marxism, and Nietzsche-ism. To us Jews, at any rate, it should be plain to see what a disintegrating importance these directives have had upon the minds of the Goyim.

It is indispensable for us to take account of the thoughts, characters, and tendencies of the nations in order to avoid making slips in the political and in the direction of administrative affairs. The triumph of our system of which the component parts of the machinery may be variously disposed according to the temperament of the peoples met on our way, will fail of success if the practical application of it be not based upon a summing up of the lessons of the past in the light of the present.

In the hands of the States of today, there is a great force that creates the movement of thought in the people, and that is the Press. The part played by the Press is to keep pointing our requirements supposed to be indispensable, to give voice to the complaints of the people, to express and to create discontent. It is in the Press that the triumph of freedom of speech finds its incarnation. However, the **Goyim** States have not known how to make use of this force; and it has fallen into our hands.

Through the Press, we have gained the power to influence while remaining ourselves in the shade; thanks to the Press, we have got the **Gold** in our hands, notwithstanding that we have had to gather it out of the oceans of blood and tears. However, it has paid us, though we have sacrificed many of our people. Each victim on our side is worth in the sight of God a thousand Goyim.

From what we have quoted so far, another ugly picture becomes obvious as evidence against such criminals whose purpose is to enable Satan to govern the destiny of humans. We note here the particular attention to propagating atheist doctrines, which widely spread in Europe, Asia and numerous countries and peoples; no one was safe from them except those who enjoyed Allah's mercy.

Further the concerted efforts to steer wars, which destroy everything and spread poverty and destruction. Provided, also, that the warring parties should not realize territorial gains. The purpose is the economic destruction and steering hatreds between people of the world, in accordance with "Divide and rule!" When peoples suffer from starvation , they offer them their money and gold as loans and then control their economies and direct their policies to serve their vested interests and purposes of the stage in the conspiracy final objective which is the Satanic control of the fate and destiny of humankind.

The second note is about the media, as the Jews had discovered their importance as dangerous weaponry of extreme importance. Therefore, they had sought to possess information empires, which indeed proved capable of making and breaking governments due to their powerful influence on (Goyim) public opinion. In a quick look, we can discover that all information empires of Press, TV or Radio and even publishing houses are properties of Jews and Jewish capitals. Therefore, they control their direction completely. It is a known fact that all said about the freedom of press and information in the west is mere throwing ash in the eyes. It is open cheating and falsification denied only by the ignorant or the beneficent of such Hippocratic information.

I may add in this context, excerpts from an interesting book entitled , "Bombarding Minds from Ancient Times to the Nuclear age" by Philip Taylor, which master Sami Khashabah had translated in the series of 'The World of Knowledge' published by Kuwait National Council for Culture, Arts and Literatures. Its introduction says," War in essence is an organized exchange of violence. Publicity in essence is an organized act of convincing. The First attacks the body whereas the second attacks the mind. "

In the same context the writer says,"Publicity itself is not a wicked or evil act. In fact, it is not more than organizing means in such a way that convinces people to think and act in a certain way."

In other words, he says about the information which they call the free information in the western democratic countries," *Democracies make sacred the illusion, which says that opinion must develop naturally without outside interference.*" As being, an illusion is certain. In an age in which we witness a daily attack of publicity and reaching an unprecedented level, due to the revolution of communications, the constructive conduct more than any other conduct is to teach people how to think for themselves."

Within this context, at the end of the introduction the writer quotes the French author and philosopher Alber Camay who died in 1960." *In all the five continents of the world, during the coming years an endless conflict will erupt between violence and mutual convincing. This subjects everything to a decisive gamble that words are more powerful than bullets.*"

From the above-mentioned facts, the picture becomes clear to the reader about the importance of information as a decisive dangerous weapon to control the wealth of peoples and nations, through steeling their minds. Therefore, the leadership of the satanic scheme had insisted on owning and holding the most powerful and influential western and world information empires. Then purpose of course is *to* direct and deceive the peoples and transmit through them its poisons in Goyim minds within the general context of the occurrence of events of the mean conspiracy stages, the steps of its implementation are accelerating in a fearful way.

PROTOCOL No. 3

Conquering Power – The Secret Organization Global Financial Crisis – Global Revolution

Today I may tell you that our goal is now only a few steps off. There remains a small space to cross and the entire long path we have trodden is ready now to close its cycle of the Symbolic Snake, by which we symbolize our people. When this ring closes, all the States of Europe will be locked in its coil as in a powerful vice.

The constitution scales of these days will shortly break down, for we have established them with a certain lack of accurate balance in order that they may oscillate incessantly until they wear through the pivot on which they turn.

In order to incite seekers after power to a misuse of power we have set all forces in opposition one to another, breaking up their liberal tendencies towards independence. To such end we have stirred up every form of enterprise, we have armed all parties, we have set up authority as a target for every ambition. Of States, we have made gladiatorial arenas where many confused issues contend. A little more, and disorders and bankruptcy will be universal.

Babblers, inexhaustible, have turned into oratorical contests the sittings of Parliament and Administrative Boards. Bold journalists and unscrupulous pamphleteers daily fall upon executive officials. Abuses of power will put the final touch in preparing all institutions for their overthrow and everything will fly skyward under the blows of the maddened mob.

I have a comment on this protocol: At that time, the work was to prepare the general political climate for revolutions against the ruling classes in Europe, which indeed were keen to bring happiness for their peoples. Through their dangerous financial and political influence, they introduced democratic systems, through which they can make their agents reach to the highest position of power. We may notice how they control the American elections, and how they managed to tame the ruling elites in America, Europe and most states of the world.

PROTOCOL No. 4

Masonry Forums Task- Destruction of Religious Doctrine

Every republic passes through three stages. The first of these is comprised ,in the early days of mad raging by the blind mob, tossed hither and thither, right and left .The second is demagoguery from which

is born anarchy. That leads inevitably to despotism - not any longer legal and overt, and therefore responsible despotism, but to unseen and secretly hidden. Nevertheless, sensibly left despotism in the hands of some secret organization or other, whose acts are the more unscrupulous inasmuch as it works behind a screen, behind the backs of all sorts of agents, the changing of whom not only does not injuriously affect but actually aids the secret force by saving it. Thanks to continual changes, from the necessity of expanding its resources on the rewarding of long services.

Who and what is in a position to overthrow an invisible force? This is precisely what our force is. Gentile masonry blindly serves as a screen for our objects and us. However, the plan of action of our force, even if it is a very abiding-place, remains for the whole people an unknown mystery.

Yet, even freedom might be harmless and have its place in the State economy without injury to the well-being of the peoples, if it rested upon the foundation of faith in God, upon fellowship of humanity, unconnected with the conception of equality, which is negative by the very laws of creation, for they have established subordination. With such a faith as this, a people who we might govern by a ward ship of parishes, and would walk contentedly and humbly under the guiding hand of its spiritual pastor submitting to the dispositions of God upon earth. This is the reason why it is indispensable for us to undermine all faiths, to tear out of the mind of the "*Goyim*" the very principle of godhead and the spirit, and to put in its place arithmetical calculations and material needs.

In order to give the Goyim no time to think and take note, we must divert their minds towards industry and trade. Thus, we make all the nations swallowed up in the pursuit of gain and in the race for it will not take note of their common foe. Again, in order that freedom may once for all disintegrate and ruin the communities of the Goyim, we must put industry on a speculative basis: the result of this will be that what is withdrawn from the land by industry will slip through the hands and pass into speculation, that is, to our boxes

The intensified struggle for superiority and shocks delivered to economic life will create, nay, have already created, disenchanted, cold and heartless communities. Such communities will foster a strong

aversion towards the higher political and towards religion. Their only guide is gain that is Gold, which they will erect into a veritable cult, for the sake of those material delights, which it can give. Then will the hour strike when, not for the sake of attaining the good, not even to win wealth, but solely out of hatred towards the privileged, the lower classes of the Goyim will follow our lead against our rivals for power, the intellectuals of the Goyim.

I have a comment to make here: If the simplest person reads this protocol in particular, he will discover how far these Satanists have already realized from their purposes and objectives. No doubt, the observer of events and international affairs will discover this miraculous and organized frequency and sequence of events, which had changed the face of the world, and made human societies gasp after pleasures of the world and sheer material desires. This gasping and those desires had washed in their way the great religious values, the spirit of tolerance and love among humans. Even those who try to commit by their religion, even formally, are the target of ridicule and may be of harm. So much so that they are terrorists, suspects specialized in killing and destruction, despite the fact that all religions and foremost of which, the Islamic religion, are against killing of humans. In Islam, "*To kill a soul without the right is akin to killing all humankind.*" When Almighty Allah told his messenger Mohammad, May peace be upon him "*We have sent you as a mercy to all creations.*"

A religion, which calls for mercy even to for animals, is worth adopting. In his Hadith prophet Mohammad Said, "*A woman had entered hell because of a cat, which neither detained without giving it food nor let it free to find its food.*"

As for **Masonry** which is one of the dangerous facade organizations of **Alnoraon**. I quote one of its priests his saying, "The task of the bullet is to kill and destroy the mosque and knowledge, the church and salvation. As for the Mason the task is to build the temple." No more comment, I leave to the reader to think of the purpose of this statement by a Jewish priest, who undoubtedly is one of Satan's priests. For knowing more about masonry I Advice the reader to read, "**Masonry the Complex of Birth & Disgrace of the End**" by **Mahmoud Thabet El- Shazli** , Wahbi Library, Cairo.

PROTOCOL No. 5

Despotism &Corrupting Public Opining

What form of administrative rule can we give to communities, in which corruption has penetrated everywhere? I n communities where people can attain riches only by the clever surprise tactics of semi-swindling tricks; where looseness reigns: where authorities maintain moralityby penal measures and harsh laws but not by voluntarily accepted principles: where the feelings towards faith and country are obligated by cosmopolitan convictions. What form of rule can we give to these communities if not that despotism, which I shall describe to you below?

We shall create an intensified centralization of government in order to grip in our hands all the forces of the community. We shall regulate mechanically all the actions of the political life of our subjects by new laws. These laws will withdraw one by one all the indulgences and liberties, which we have permitted, to the Goyim, and our kingdom will be despotism of such magnificent proportions as to be at any moment and in every place in a position to wipe out

Some may tell us that such despotism as I speak of is not consistent with the progress of these days, but I will prove to you that it is.

During the times when, peoples looked upon kings on their thrones as on a pure manifestation of the will of God, they submitted without a murmur to the despotic power of kings: but from the day when we insinuated into their minds the conception of their own rights, they began to regard the occupants of thrones as mere ordinary mortals. The Holy unction of the Lord's Anointed has fallen from the heads of kings in the eyes of the people, and when we robbed them of their faith in God the might of power became in the streets into the place of public proprietorship and we was seized it.

. Moreover, the art of directing masses and individuals by means of cleverly manipulated theory and verbiage, by regulations of life in common and all sorts of other quirks, in all which the Goyim

understand nothing, belongs likewise to the specialists of our administrative brain. Reared on analysis, observation, on delicacies of fine calculation, in this species of skill we have no rivals, any more than we have either in the drawing up of plans of political actions and solidarity.

In this respect, the Jesuits alone might have compared with us, but we have contrived to discredit them in the eyes of the unthinking mob as an overt organization, while we ourselves all the while have kept our secret organization in the shade. However, it is probably all the same to the world who is its sovereign lord, whether the head of Catholicism or our despot of the blood of Zion! However, to us, the Chosen People, it is very far from being a matter of indifference.

For a time perhaps, a coalition of the "Goyim" of the entire world might successfully deal with us. However, from this danger, we are secure by the discord existing among them, deeply rooted that no one can pluck them up. We have set one against another the personal and national reckonings of the GOYIM, religious and race hatreds, which we have fostered into a huge growth in the course of the past twenty centuries. This is the reason why there is not one State, which would anywhere receive support if it were to raise its arm, for every one of them must bear in mind that any agreement against us would be unprofitable to itself. We are too strong - there is no evading our power. The nations cannot come to even an inconsiderable private agreement without our secretly having a hand in it.

"It is through me that Kings reign." In addition, it the prophets said that we were chosen by God Himself to rule over the whole earth. God has endowed us with genius that we may be equal to our task. Were genius in the opposite camp it would still struggle against us, but even so, a newcomer is no match for the old-established settler: the struggle would be merciless between us, such a fight, as the world has never seen. Aye and the genius on their side would have arrived too late. All the wheels of the machinery of all States go by the force of the engine, which is in our hands, and that engine of the machinery of States is - Gold. The science of political economy invented by our learned elders has for long past been giving royal prestige to capital.

Nowadays it is more important to disarm the peoples than to lead them into war: more important to use for our advantage the passions which have burst into flames than to quench their fire: more

important to eradicate them. The principle object of our directorate consists in this: to debilitate the public mind by criticism; to lead it away from serious reflections calculated to arouse resistance.

.In order to put public opinion into our hands, we must bring it into a state of bewilderment. We do this by giving expression from all sides to so many contradictory opinions and for such length of time, as will suffice to make the "*Goyim*" lose their heads in the labyrinth. Then they will come to see that the best thing is to have no opinion of any kind in matters political, which the public do not understand, because only he who guides the public understands them. This is the first secret.

The second secret requisite for the success of our government consists of the following: To multiply to such an extent national failings, habits, passions, conditions of civil life that it will be impossible for anyone to know where he is in the resulting chaos, so that the people in consequence will fail to understand one another. This measure will also serve us in another way, namely, to sow discord in all parties, to dislocate all collective forces, which are still unwilling to submit to us, and to discourage any kind of personal initiative, which, might in any degree hinder our affair.

There is nothing more dangerous than personal initiative: if it has genius behind it, such initiative can do more than can be done by millions of people among whom we have sown discord.

We must so direct the education of the Goyim communities that whenever they come upon a matter requiring initiative they may drop their hands in despairing impotence. The strain, which results from freedom of actions, saps the forces when it meets with the freedom of another. From this collision, arise grave moral shocks, disenchantments and failures.

By all these means, we shall so wear down the "Goyim" that they will be compelled to offer us international power of a nature that by its position will enable us without any violence gradually to absorb all the state forces of the world and to form a super-government.

In place of the rulers of today, we shall set up a bogey, which we will call the Super-Government Administration. Its hands will reach out in all directions like nippers and its organization will be of such colossal dimensions that it cannot fail to subdue all the nations of the world.

PROTOCOL No. 6

Destroying the Goyim- Enriching the Jews How to Deceive the Proletariat

We shall soon begin to establish huge monopolies, reservoirs of colossal riches, upon which even large fortunes of the Goyim will depend to such an extent that they will go to the bottom together with the credit of the States on the day after the political smash ... (Compulsory superannuation, Social Security).

You men here present who are economists, just strike an estimate of the significance of this combination! ...

In every possible way we must develop the significance of our Super-Government by representing it as the Protector and Benefactor of all those who voluntarily submit to us.

The aristocracy of the Goyim as a political force is dead - We need not consider it; but as landed proprietors, they can still be harmful to us from the fact that they are self-sufficing in the resources upon which they live. It is essential therefore for us at whatever cost to deprive them of their land. We will attain this object by increasing the burdens upon landed property - in loading lands with debts. These measures will check land holding and keep it in a state of humble and unconditional submission.

The aristocrats of the Goyim, being hereditarily incapable of contenting themselves with little, will rapidly burn up and fizzle out.

At the same time we must intensively patronize trade and industry, but, first and foremost, speculation, the part played by which is to provide a counterpoise to industry: the absence of speculative industry will multiply capital in private hands and will serve to restore agriculture by freeing the land from indebtedness to the land banks. What we want is that industry should drain off

from the land both labor and capital and by means of speculation transfer into our hands all the money of the world, and thereby throw all the Goyim into the ranks of the proletariat. Then the **Goyim** will bow down before us, if for no other reason but to get the right to exist.

To complete the ruin of the industry of the **Goyim** we shall bring to the assistance of speculation the luxury, which we have developed among the Goyim, that greedy demand for luxury, which is swallowing up everything. We shall raise the rate of wages. However, they will not bring any advantage to the workers. At the same time, we shall produce a rise in prices of the first necessities of life. We will allege that it arises from the decline of agriculture and cattle breeding: we shall further undermine artfully and deeply sources of production, by accustoming the workers to anarchy and to drunkenness and side by side therewith taking all measure to extirpate from the face of the earth all, the educated forces of the "*Goyim*."

In order that the true meaning of things may not strike the "*goyim*" before the proper time, we shall mask it under an alleged ardent desire to serve the working classes and the great principles of political economy about which our economic theories are carrying on an energetic propaganda.

PROTOCOL No. 7

Armament purpose Reduction of Infidels Wars are the Means- Prediction of Universal War

The intensification of armaments, the increase of police forces - are all-essential for the completion of the aforementioned plans. What we have to get at is that there should be in all the States of the world, besides ourselves, only the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers.

Throughout all Europe, and by means of relations with Europe, in other continents also, we must create ferments, discords and hostility. Therein we gain a double advantage.

In the first place, we keep in check all countries, for they will know that we have the power whenever we like to create disorders or to restore order. All these countries are accustomed to see in us an indispensable force of coercion.

In the second place, by our intrigues we shall tangle up all the threads, which we have stretched into the cabinets of all States by means of the political, by economic treaties, or loan obligations. In order to succeed in this we must use great cunning and penetration during negotiations and agreements. We will use the so-called "*official language*", we shall keep to the opposite tactics and assume the mask of honesty and complacency. In this way the peoples and governments of the Goyim, whom we have taught to look only at the outside whatever we present to their notice, will still continue to accept us as the benefactors and saviors of the human race.

We must be in a position to respond to every act of opposition by war with the neighbors of that country which dares to oppose us: but if these neighbors should also venture to stand collectively together against us, then we must offer resistance by a universal war.

We must compel the governments of the **Goyim** to take action, in the direction favored by our widely conceived plan, already approaching the desired consummation. by what we shall represent as public opinion, secretly promoted by us through the means of the so-called "*Great Power*" - the press, which, with a few exceptions that may be disregarded, is already entirely in our hands.

In a word, to sum up our system of keeping the governments of the Goyim in Europe in check, we shall show our strength to one of them by terrorist attempts and to all, if we allow the possibility of a general rising against us, we shall respond with the guns of America or China or Japan- (1904-1905, Russo-Japanese War).

PROTOCOL No. 8

Supporters of Masonry

Industrialists, Capitalists and Millionaires

We must arm ourselves with all the weapons, which our opponents might employ against us. We must search out in the very finest shades of expression and the knotty points of the lexicon of law justification, for those cases where we shall have to pronounce judgments that might appear abnormally audacious and unjust.,

It is important that these resolutions should be set forth in expressions that shall seem to be the most exalted moral principles cast into legal form.

Our directorate must surround itself with all these forces of civilization among which it will have to work. It will surround itself with publicists, practical jurists, administrators, diplomats and, finally, with persons prepared by a special super-educational training in our special schools.

These persons will have consonance of all the secrets of the social structure, they will know all the languages that can be made up by political alphabets and words; they will be made acquainted with the whole underside of human nature, with all its sensitive chords on which they will have to play.

These chords are the cast of mind of the Goyim, their tendencies, shortcomings, vices and qualities, the particularities of classes and conditions. We shall surround our government with a whole world of economists. That is the reason why economic sciences form the principal subject of the teaching given to the Jews. Around us again will be a whole constellation of bankers, industrialists, capitalists and - the main thing - millionaires, because in substance everything will be settled by the question of figures.

Until the time when, there will not be any risk in entrusting responsible posts in our State to our brothers, Jews, we shall put them in the hands of persons, whose past and reputation, are such that

between them and the people lies an abyss. Persons who, in case of disobedience to our instructions, must due to fear face criminal charges or disappear defend our interests to their last gasp.

PROTOCOL No. 9

Jewish Super-State

In applying our principles let us pay attention to the character of the people in whose country you live and act; a general, identical application of them, until the people shall have been re-educated to our pattern, cannot have success. However, by approaching their application cautiously you will see that not a decade will pass before the most stubborn character will change and we shall add a new people to the ranks of those already subdued by us.

The words of the liberal, which are in effect the words of our Masonic watchword, namely, "*Liberty, Equality, Fraternity*," will, when we come into our kingdom, be changed by us into words no longer of a watchword, but only an expression of idealism, namely, into "*The right of liberty, the duty of equality, the ideal of brotherhood*." That is how we shall put it, - and so we shall catch the bull by the horns ... **de facto** we have already wiped out every kind of rule except our own, although **de jure** there still remain a good many of them

Nowadays, if any States raise a protest against us it is only pro forma at our discretion and by our direction, for their anti-Semitism is indispensable to us for the management of our lesser brethren. I will not enter into further explanations, for this matter has formed the subject of repeated discussions amongst us.

I am in a position to tell you with a clear conscience that at the proper time we, the law-givers, shall execute judgment and sentence, we shall slay and we shall spare, we, as head of all our troops are

mounted on the steed of the leader. We rule by force of will, because in our hands are the fragments of a once powerful party, now vanquished by us. The weapons in our hands are limitless ambitions, burning greediness, merciless vengeance, hatreds and malice.

The people have raised a howl about the necessity of settling the question of Socialism by way of international agreement. Division into fractional parties has given them into our hands, for, in order to carry on a contested struggle one must have money, and the money is all in our hands.

You may say that the Goyim, will rise upon us, arms in hand, if they guess what is going on before the time come. However, in the West, we have against this a maneuver of such appalling terror, that the very stoutest hearts quail - the undergrounds, metropolitans, those subterranean corridors that, before the time comes, will be driven under all the capitals and from whence those capitals will be blown into the air with all their organizations and archives.

PROTOCOL No. 10

Our Goal - World Power

It will be of assistance to us when we come to consider the division of authority of property, of the dwelling, of taxation of the reflex force of the laws. All these questions are such as ought not to be touched upon directly and openly before the people. In cases, where it is indispensable to touch upon them, we must not categorically name them, but merely declare without detailed exposition. We acknowledge the principles of contemporary law. The reason of keeping silence in this respect is that by not naming a principle, we leave ourselves freedom of action, to drop this or that out of it without attracting notice. If we categorically name them all, we would have given them already.

The mob cherishes a special affection and respect for the geniuses of political power and accepts all their deeds of violence with the admiring response: *"rascally, well, yes, it is rascally, but it's clever! ... A trick, if you like, but how craftily played, how magnificently done! what impudent audacity!"*

We count upon attracting all nations to the task of erecting the new fundamental structure, the project for which we have drawn them up. This is why, before everything, it is indispensable for us to arm ourselves and to store up in ourselves that absolutely reckless audacity and irresistible might of the spirit which in the person of our active workers will break down all hindrances on our way.

When we have accomplished our coup d'etat, we shall say then to the various peoples:

"everything has gone terribly badly, all have been worn out with suffering. We are destroying the causes of your torment - nationalities, frontiers, differences of coinages. You are at liberty, of course, to pronounce sentence upon us, but can it possibly be a just one if it is confirmed by you before you make any trial of what we are offering you."

Then, the mob will exalt us and bear us up in their hands, in a unanimous triumph of hopes and expectations, which we have made the voting System as the instrument, which will set us on the throne of the world. By teaching even the very smallest units of members of the human race to vote, by means of meetings and agreements by groups, will then have served its purposes and will play its part then for the last time, by unanimity of desire to make close acquaintance with us before condemning us.

To secure this we must have everybody vote without distinction of classes and qualifications, in order to establish an absolute majority, which we cannot get from the educated propertied classes. We shall inculcate in all a sense of self-importance, we shall destroy among the "Goyim", the importance of the family and its educational value. We shall remove the possibility of individual minds splitting off, for the mob, handled by us. We will not let them come to the front nor even give them a hearing. It is accustomed to listen to us only, who pay it for obedience and attention. In this way, we shall create a blind, mighty force, which will never be in a position to move in any direction without the guidance of our agents set at its head by us as leaders of the mob. The people will submit to this regime because it will know that upon these leaders will depend, its earnings, gratifications and the receipt of all kinds of benefits.

These schemes will not turn existing institutions upside down just yet. They will only effect changes in their economy. Consequently, in the entire combined movement of their progress, which we will thus direct along the paths laid down in our schemes.

Under various names there exists in all countries approximately one and the same thing.

Representative Bodies as: Ministry, Senate, State Council, Legislative and Executive Corps. I need not explain to you, the mechanism of the relation of these institutions to one another. You are aware of all that. Only take note of the fact that each of the above-named institutions corresponds to some important function of the State, and I would beg you to remark that the word "*important*" I apply not to the institution but to the function, consequently it is not the institutions, which, are important, but their functions. These institutions have divided among themselves all the functions of government - administrative, legislative, executive, wherefore they have come to operate, as do the organs in the human body. If we injure a part of the State machinery, the State itself will fall sick, like a human body, and ... will die.

In the near future, we shall establish the responsibility of presidents.

By that time, we shall be in a position to disregard forms in carrying through matters for which our impersonal puppet will be responsible. What do we care if the ranks of those striving for power should be thinned, if there should arise a deadlock from the impossibility of finding presidents, a deadlock which will finally disorganize the country? ...

In order that our scheme may produce this result, we shall arrange elections in favor of such presidents as have in their past some dark, undiscovered stain. Then they will be trustworthy agents for the accomplishment of our plans out of fear of revelations and from the natural desire of everyone who has attained power, namely, the retention of the privileges, advantages and honor connected with the office of president..

. Besides this we shall, with the introduction of the new republican constitution, take from the Chamber the right of interpolation on government measures, on the pretext of preserving

political secrecy, and, further, we shall by the new constitution reduce the number of representatives to a minimum, thereby proportionately reducing political passions and the passion for politics. If, however, they should, which is hardly to be expected, burst into flame, even in this minimum, we shall nullify them by a stirring appeal and a reference to the majority of the whole people ... Upon the president will depend the appointment of presidents and vice-presidents of the Chamber and the Senate. Instead of constant sessions of Parliaments, we shall reduce their sittings to a few months. Moreover, the president, as chief of the executive power, will have the right to summon and dissolve Parliament, and, in the latter case, to prolong the time for the appointment of a new parliamentary assembly.

The president at our discretion will interpret the sense of such of the existing laws as admit of various interpretations. he will further annul them when we indicate to him the necessity to do so, besides this, he will have the right to propose temporary laws, and even new departures in the government constitutional working, the pretext both for the one and the other being the requirements for the supreme welfare of the State.

By such measures, we shall obtain the power of destroying little by little, step by step, all that at the outset. When we enter on our rights, we are compelled to introduce into the constitutions of States to prepare for the transition to an imperceptible abolition of every kind of constitution, and then the time is come to turn every form of government into our despotism.

The recognition of our despot may also come before the destruction of the constitution. The moment of this recognition will come, when the peoples utterly wearied, by the irregularities and incompetence. A matter which we shall arrange for of their rulers, will clamor: *"Away with them and give us one king over all the earth who will unite us and annihilate the causes of disorders - frontiers, nationalities, religions, State debts - who will give us peace and quiet which we cannot find under our rulers and representatives."*

As you know that producing the possibility of the expression of such wishes by all the nation, it is indispensable to trouble in all countries. The people's relations with their governments so as

to utterly exhaust humanity with dissension, hatred, struggle, envy and even by the use of torture, by starvation, by the inoculation of diseases, by want, so that the "goyim" see no other issue than to take refuge in our complete sovereignty in money and in all else.

If we give the nations of the world, a breathing space the moment we long for is hardly likely ever to arrive.

PROTOCOL No. 11

Means of the Jewish revolution

&

Its Details to Control the World

This Protocol is about scenarios of how to control the world. Here is an example from the origin:

We shall be the makers of Law, Right and Justice:

(1) In the guise of proposals to the Legislative Corps,

(2) By decrees of the president under the guise of general regulations, of orders of the Senate and of resolutions of the State Council in the guise of ministerial orders,

(3) In case a suitable occasion should arise, in the form of a revolution in the State

Having established approximately, the modus agenda we will occupy ourselves with details of those combinations by which we have still to complete the revolution in the course of the machinery of State in the direction already indicated. By these combinations, I mean the freedom of the Press, the right of association, freedom of conscience, the voting principle, and many another that must disappear for ever from the memory of man, or undergo a radical alteration the day after the promulgation of the new constitution.

PROTOCOL No. 12

How to Mouth Gag the Press?

Control of Newspapers and Books

Masonry Leakage in the French Press

We define the word "freedom," which can be interpreted in various ways, as follows:

Freedom is the right to do what the law allows. This interpretation serves our interests, because freedom will be in our hands, since the laws will abolish or create only that which is desirable for us according to our program.

. We turn to the periodical press. We shall impose on it, as on all printed matter, stamp taxes per sheet and deposits of caution-money, and books of less than 30 sheets will pay double. We shall reckon them as pamphlets in order, on the one hand, to reduce the number of magazines, which are the worst form of printed poison, and, on the other, in order that this measure may force writers into such lengthy productions that they will be little read, especially as they will be costly.

Literature and journalism are two of the most important educative forces, and therefore our government will become proprietor of the majority of the journals. This will neutralize the injurious influence of the privately owned press and will put us in possession of a tremendous influence upon the public mind

12. All our newspapers will be of all possible complexions -- aristocratic, republican, revolutionary, and even anarchical - for so long, of course, as the constitution exists. Like the Indian idol "*Vishnu*", they will have a hundred hands, and every one of them will have a finger on any one of the public

opinions as required. These hands will lead opinion in the direction of our aims.

PROTOCOL No. 13

How to Confuse Public Opinion Political & Economic Issues Wrong Theories for Goyim Use

The need for daily bread forces the Goyim to keep silence and be our humble servants. Agents taken on to our press from among the Goyim, will at our orders discuss anything which it is inconvenient for us to issue directly in official documents..

. In order that the masses themselves may not take decisions, we further distract them with amusements, games, pastimes, passions, people's palaces. Soon we shall begin through the press to propose competitions in art, in sport and in all kinds: these interests will finally distract their minds from questions in which we should find ourselves compelled to oppose them.

.

W shall continue to direct their minds of the Goyim to all sorts of vain conceptions of fantastic theories, new and apparently progressive. For have we not with complete success turned the brainless heads of the Goyim with progress, until there is not among them one mind able to perceive, that under this word lies a departure from truth? In all cases where it is not a question of material inventions, for truth is one and in it there is no place for progress.

Progress, like a fallacious idea, serves to obscure truth so that none may know it except us, the Chosen of God, its guardians.

PROTOCOL No. 14

Canceling Religions- Secrets of Judaism Science of Arts in Future

When we come into our kingdom, it will be undesirable for us to have any other religion than ours of the One God. Our destiny and our position as the Chosen People and through God our same destiny unite with the destinies of the world. We must therefore sweep away all other forms of belief. If this gives birth to the atheists, whom we see to-day (it will not, being only a transitional stage) interfere with our views. It will serve as a warning for those generations, which will hearken to our preaching of the religion of Moses that, by its stable and thoroughly elaborated system has brought all the peoples of the world into subjection to us.

Therein we shall emphasize its mystical right, on which, as we shall say, all its educative power is based. Then at every possible opportunity, we shall publish articles in which we shall make comparisons between our beneficent rule and those of past ages. The blessing of tranquility, brought about by centuries of agitation, will throw into higher relief the benefits to which we shall point. We will depict the errors of the Goyim governments in the most vivid hues. We shall implant such an abhorrence of them that the peoples will prefer tranquility in a state of serfdom to those rights of vaunted freedom, which have tortured humanity and exhausted the very sources of human existence, sources that have been exploited by a mob of rascally adventurers who know not what they do

The useless changes of forms of government to which we instigated the "Goyim" when we were undermining their state structures, will have so wearied the peoples by that time that they will prefer to suffer anything under us rather than run the risk of enduring again all the agitations and miseries they have gone through.

PROTOCOL No. 15

Eliminating Enemies Prohibiting Secret and Masonry Societies

When we at last definitely come into our kingdom by the aid of COUPS D'ETAT prepared everywhere for the same day. After definitely acknowledged (*and not a little time will pass before that comes about, perhaps even a whole century*) we shall make it our task to see that against us such things as plots shall no longer exist. With this purpose, we shall slay without mercy all who take arms (*in hand, like Waco? Randy Weaver? Port Arthur? Oklahoma?*) to oppose our coming into our kingdom.

Every kind of new institution of anything like a secret society will also be punished with death; those of them which are now in existence, are known to us, serve us and have served us, we shall disband and send into exile to continents far removed from Europe. in this way, we shall proceed with those "Goy" masons who know too much; such of these as we may for some reason spare will be kept in constant fear of exile. We shall promulgate a law making all former members of secret societies liable to exile from Europe as the center of rule.

When the King of Israel sets upon his sacred head, the crown offered him by Europe he will become patriarch of the world. The indispensable victims offered by him in consequence of their suitability will never reach the number of victims offered in the course of centuries by the mania of magnificence, the emulation between the GOY governments.

Our King will be in constant communion with the peoples, making to them from the tribune speeches which fame will in that same hour distribute over the entire world.

BOOK OF THE END

Due to all previous accounts and the entire information, historical and religious documents starting with the Holy Qur'an and Sunnah and ending in the New and Old Testimonies, What does all that mean?

The dangerous scheme started from the moment of the mutiny which the cursed Satan started by refusing to obey his Lord who expelled him from his mercy. He started his cursed task, which is the seduction of humans and leading them astray away from obedience to Allah and his great way of life, which he ordained through his prophets and the last of who Mohammad, May peace be upon him as a light for humanity and its happiness.

The cursed Satan began steering sabotage, destruction and conflicts among humans of all t colors and races and transmitting his hated breathes and conspiracies of hatred, racism in order to reach his purpose.

The conspiracies which had happened, are happening and will happen have no meaning, unless the previously displayed conspiracy of the Satan worshippers - the deceived Jews who their satanic priests tricked them in the name of religion- are real and there is no doubt about them. If this Satan realizes this objective in the world, then the real end will start, because Allah says in his Dear Book." **However, Allah will complete His Light even though the disbelievers hate (it)".**

All the events, which took place in America, are but the work of a schemer, within this terrible scheme. Since Islam was never a religion of terrorism or blood shedding, but a religion of mercy and guidance. Allah said, " **And we have sent you not but as a mercy for the 'Alamin (mankind, jinns and all that exists).**"

Let the wise from the believers look into the texts of Holy Books and foremost of which the Holy Qur'an in which the Lord of might describes their blasphemy, despotism and brutality. They had killed the prophet who Allah had sent to them as a mercy and guidance. So do we exclude their scheming of New York and Washington events on 11 September? History will reveal one day, the facts of what had happened, may be after being too late.

The end has come closer, because with Satan's kingdom drawing nearer, the decisive battler of **Armageddon** is inevitably coming. Let me draw attention also to a dangerous stage. It is the stage of globalization, in which the world will turn into a Simi-single state and gradually move in their unclean feet towards their destructive murderous dream. Let us look into the events of the past two or three hundred years. We will see that most objectives mentioned in these protocols, discovered in 1784, materialized indeed.

Peace be upon the world honorable, in America, Europe and in everywhere on the land of **Allah** the One, **the Conqueror**.

Peace be upon everyone who raises his hand in protest and resistance to this conspiracy and revealing it. In this regard I particularly address the honorable of America and Europe , who I I have depended completely on their documents in this matter.

Peace is upon he who followed the right and abandoned injustice.

Peace until we meet again in the second part of this book, " **Book of the End.**"
